

## 三秦医药

编者按:古语云:“秦地无闲草,自古多名医。”陕西历史文化底蕴深厚,是中医药的发祥地。从神农尝百草以疗疾之《神农本草经》;黄帝坐明堂与岐伯论道而成《黄帝内经》;战国时期名医扁鹊奠定了中医学的切脉诊断方法;秦医缓、医和论病而出“医事贵缓,医道尚和”;唐高宗敕命修编《新修本草》,是人类历史上最早的药典;王焘著书《外台秘要》,收集了东汉至唐的方书,为唐以前医学之大集成。而道骨仙风的药王孙思邈著《千金要方》《千金翼方》以“人命至重,有贵千金,一方济之,德逾于此”而流传千古,《大医精诚》被誉为“东方的希波克拉底誓言”,成为后世医者入行的宣言。“三秦医药”栏目作为《学报》特色栏目,继续为中医药科技工作者提供陕西本土的中医药研究成果。

# 陕西中医药历史文化资源的新时代价值<sup>\*</sup>

## New Era Value of Shaanxi Traditional Chinese Medicine Historical and Cultural Resources

ZHAO Ren-long

(Shaanxi Academy of traditional Chinese medicine, Xi'an 710003, China)

**Abstract:** Shaanxi traditional Chinese medicine has ushered in an important development opportunity in the new era. As the main birthplace and development place of Chinese medicine civilization, the "king of medicine culture" bred in Shaanxi is an important resource to promote the development of medical undertakings in Shaanxi, and the development of "Qin medicine" industry is an important force to boost the social and economic development of Shaanxi. Chinese ancient medicine will be popular in the world. With the increasingly global development, Chinese medicine will be one of the important carriers of Shaanxi's "one belt, one road" technology exchange between Humanities and culture. Shaanxi's Chinese medicine will have a brilliant future in the future. It will not only help Shaanxi catch up with the surmounting, but also
